### **Trainee Travel Fund (TTF) – Application Questions**

#### **Project Information**

1. Summary - Provide a summary of your application in plain language, highlighting your career plan, project objectives and proposed training environment (**max. 100 words**).
2. Learning Objectives - State and justify the learning objectives you aim to meet by completion of the proposed travel expansion program (what do you want to learn and why) (**max. 150 words**).
3. Training Expansion - Describe the travel expansion program you will engage in. Please include a detailed timeline (how will your learning objectives be met) (**max. 300 words**).
4. Expansion Location - Justify your choice of hosting institution and/or supervisor (why did you choose this particular hosting institution and/or supervisor?) (**max. 150 words**).
5. Budget - Provide a budget justification for the proposed travel expansion program. Please make sure to include a budget as per template form provided online as well (**max. 200 words**).
6. Career Trajectory - How do you envision the proposed travel expansion program will contribute to your career trajectory in the field of human milk and lactation research (**max. 150 words**)?
7. Complimentary Funding - Please state and list, if you have been awarded or have pending financial support or support in kind from other sources for planned travel expansion program.
